## How does the training work?

*On-job*

On-job industry training is using everyday work activities and experience and learning from your supervisor or mentor.

When you enrol you will receive a workbook which will explain what you need to do to complete the qualification. It will also include assessment guides detailing the knowledge and skills required for achieving each unit standard in the qualification.

In order for your training to be effective your employer will need to be able to provide a mentor or coach for you in the workplace. It is the role of this person to coach you through the qualification requirements and verify when you are ready to be assessed.

*Off-job*

Units 6400, 6401 and 6402 require you to attend a two-day first aid course.

## How long will it take?

This qualification is made up of 95 credits. Each credit will generally require 10 hours of learning time, depending on how much experience you have.

## Other Information

Once you have finished this qualification you can continue a career pathway onto the National Certificate in Demolition (Site Supervisor) Level 4.

## Cost

### Enrolment Fee \$60
